

Chiropractic Care & the Pregnant Patient*

*How to care for your
patients throughout pregnancy!*

Suzanne Seekins DC, DICS

Diplomate of the International Craniopathic Society

Saturday, February 11th, 2012

8:30am-12:30 and 2:00-6:00pm

Hampton Inn & Suites

#5 McBride and Son Center Dr.

Chesterfield, MO 64005

636-530-0070

Her motto: "Don't be afraid of the belly!"

Get excited for an intensive weekend which offers comprehensive techniques for managing the pregnant patient!

You will be taught SOT™ Methods based adjusting techniques specifically useful for pregnant patients, nutrition, folk remedies, lifestyle recommendations and exercise – all clinically tested and sound for your pregnant patients.

Distilled from 20 years of clinical experience and home-birthing 4 children of her own, Dr. Seekins has created a comprehensive, unique, useful and fun curriculum for this seminar.

Dr. Suzanne Seekins graduated from Logan College of Chiropractic where she went on to teach specialized technique for five years. She is a certified SORSI Instructor and Diplomate of the International Craniopathic Society (ICS). She currently lives and practices in Naples, Florida where she has a successful practice comprised of up to 75% gravid and pediatric patients.

YOU WILL LEARN:

- Preconception – Learn what to do for preparation
 - Pelvic/sacral and spinal adjustments pertinent to 1st, 2nd and 3rd trimesters
 - Trimester specific ailments and treatments:
 - Discussions on nutrition, and manual osseous, soft tissue and visceral manipulative techniques to address the maladies with each trimester, such as dyspepsia & nausea, constipation, UTI's, reflux/heartburn, etc.
 - Methods to address piriformis syndrome, abdominal pain secondary to uterine ligament involvement or round ligament syndrome.
 - Post-Partum: Concerns & Nutrition:
 - Methods to address Pubis Symphysis Dysfunction and corrections as well as nutrition and manual therapy techniques appropriate for management of mastitis and engorgement.
- And much more!
