**SORSI Homecoming 2017. What magic will occur this
year?**

Whenever a group of like-minded individuals come together there is magic. It is inexplicable and unpredictable. Experience is created by the serendipity of encounters. Embracing the essence of chiropractic, SORSI doctors and students are a rare breed. This event historically has a life of its own and cannot be re-created. The same is true for all SORSI conferences here and the International meetings worldwide. The family comes together.

A few years ago, we witnessed one of the most insightful, inspirational and motivational presentations that I have ever witnessed in all of chiropractic. If you were there, relive it on the YouTube recording. If you missed it, Dr. Bill Kessler gives you a taste of what SORSI and SOT® is all about.

Be inspired, that you may in turn be inspiring.

We eat, drink and rest daily to refresh ourselves. Why would we not seek inspiration and motivation on a daily basis also? The SORSI Homecoming experience cannot be conveyed by word-of-mouth, video or by any other electronic means. The experiences created by the synergy of all attending. It will not be the same without you. Come to Denver and in the meantime view Dr. Kessler's story of SOT® chiropractic. We and our fellow humanity all need the blessings it provides.

AGAIN!!!!!!
