

# Are you a member?

## MEMBERSHIP BENEFITS OF JOINING SORSI

### Why be a member of SORSI?

SORSI has been promoting and teaching SOT® Methods and its related disciplines since 1957 and is comprised of the most experienced and successful SOT® Practitioners worldwide. SORSI offers practitioners:

### Continuing Education:

SORSI promotes quality educational programs for its members by conducting a yearly series of SOT® Methods and CRANIAL seminars held in various regions of the United States. Members receive reduced registration fees.

### Certification:

Examinations in Basic and Advanced Proficiency in SOT® Methods are held twice a year, as is the Certified CRANIOPATH Examination. This examination series encourages SORSI members to strive for excellence in clinical practice.

### Clinical Research:

SORSI members are given the opportunity to present their own clinical procedures to other members through an annual research conference, through publication in the SORSI E-Newsletter and by publishing in chiropractic journals.

### Publications:

Accepted Research Papers are available to members at cost. SORSI also publishes and makes available all De Jarnette-endorsed SOT® Methods material.

### Staff Assistance:

SORSI has staff available to you five days a week to service members needs and requests, and to work with the Board in programming, membership development, publications and communications, long-range planning and the behind-the-scenes administration of the affairs of the association on a day-to-day basis.

**You will also get the following with your SORSI Membership:** Access to the members only portion of the website, the SORSI International "Mark of Excellence" logo, discount on seminar registrations, E-Newsletter, affiliation with International SOT® Methods organizations, and be listed on the website directory.
